

2017 AMERICOT® REPLANT PROGRAM ZONE A, B, C, G & I

Any field planted with a qualifying NexGen® variety that has an insufficient stand and is replanted with a qualifying NexGen® variety in the same season is eligible to receive a reimbursement of 80% of the grower invoice price up to suggested retail price of the replanted cotton seed.

Growers wishing to replant to corn or soybeans should contact Armor Seed®, B-H Genetics® and Progeny® about their offer when replanting behind NexGen cotton.

Program Conditions:

- **AM UA48 does not qualify for the Replant Program.**
- The NexGen® brand cotton seed must have been purchased during the 2017 season. Seed purchased in previous years is not eligible.
- This program is only offered for the first replanting of the season and does not cover multiple replant situations.
- Growers must use sound farm management practices, and make every attempt to establish a stand and produce a crop.
- Growers seeking a Replant Refund should contact their dealer before tilling or replanting any field associated with a Replant Refund request.
- **On-site verification and documentation by Dealer or an Americot sales representative must be completed prior to replanting in order to be eligible for reimbursement.**
- Replant seed quantity may not exceed quantity used to plant the failed or lost stand.
- Claim must be submitted to Americot no later than **July 14, 2017**. Program will be discontinued thereafter.
- Americot makes no warranty or guarantee regarding availability of specific varieties for replanting purposes. If the original planted variety is not available, another NexGen® brand cotton variety must be substituted for replanting purposes in order for the grower to be eligible to receive a Replant Refund on the replanted acres.

Premium Seed Treatments:

- Syngenta Seed Treatments will receive 100% reimbursement if the original seed was treated with an equal Syngenta Seed Treatment.
- Syngenta reserves the right to visit the field to validate replant claims.
- Official Syngenta Replant Guidelines will need to be followed on replants and can be made available upon request.
- Imidacloprid treatment will receive 100% reimbursement if original seed was treated with Imidacloprid.
- Americot will not be responsible for refunding any non-factory treatments.

Claim Process:

- Contact your dealer about claim.
- Dealer or Americot sales representative verifies grower's claim.
- Contingent upon approval, dealer completes Replant Claim Form (found at www.americot.com) and emails (claims@americot.com) to Americot along with proof of purchase.
- Settlement for seed (refund) will be issued via check made out to the dealer and grower and mailed to the dealer.
- With seamless pricing in place, Americot is responsible for the whole claim. No need to contact Monsanto.
